## ORPET FREED; IS INNOCENT OF MURDER CHARGE

Jury Out Five Hours Finds  
Wisconsin College Boy Not  
Guilty Of Poisoning Mari-  
on Lambert

YOUTH RECEIVES  
VERDICT IN SILENCE

Is Completely Overcome By  
Emotion, While Attorney  
Sheds Tears Of Joy For  
Boy's Deliverance

(By Review Leased Wire.)  
WAUKESHA, Wis., July 15.—William Orpet, the University of Wisconsin student charged with murdering Marion Lambert, a high school girl and his former sweetheart, was found not guilty to night by a jury in Judge Donnelly's court after five hours of deliberation.

The jury retired at 2:30 o'clock and at 8 o'clock members were taken to dinner at a boarding house where they spent half an hour.

One hour after came the flash that a verdict had been reached. Probably fifty persons were still waiting for it. Orpet, who had taken his evening meal, was sent for in his cell. Judge Donnelly, a cripple, who had been seated in a chair on the court house lawn chatting with the lawyers, made his way painfully upstairs on a crutch.

Dramatic Silence.  
The defendant as usual was seated between his mother and Mrs. Edwin Taylor, his landlady. Madison, when the jury filed in. Only one sound broke the stillness with which for a few seconds the verdict was received. It came from a woman about 50 years old dressed in black who had attended every session of court. She made an inarticulate sound—something between a sob and a shriek. She had never explained her interest in the case except to say that she was "a friend of humanity."

Orpet Speechless.  
Orpet was silent through excess of emotion. He was barely able to return the handshake of his attorneys. He accepted the hand of a reporter but muttered a scarcely perceptible "please don't."

Thanks Jury.  
He made his way to the jurors and shook their hands one by one smiling wanly but saying nothing.  
Mrs. Orpet did not lose her self possession for a second. She received the verdict as if it were a mere matter of routine. She noted that a photographer was trying to snap a picture of her son and herself and warned him, meanwhile shielding her own face with a newspaper.

Attorneys Weep.  
James H. Wilkerson, chief of counsel for the defense was unable to keep back the tears and they trickled from his eyes, while he, with his assistants, Ralph H. Potter and Leslie P. Hanna, were receiving congratulations.  
Mr. Wilkerson stated that in his opinion Orpet had been more than decided not guilty.

Orpet to Begin Again.  
"He was proved innocent," said Mr. Wilkerson. "He is going home with his mother now. Then he is going into the country for a much needed rest after the nerve-racking experience brought on him by a remarkable if not unprecedented series of circumstances. Then he will come back home and make a man of himself."

The defendant, his father and mother, his brother, Mrs. Taylor and intimate friends made their way into the witness room where their privacy was safeguarded by a bailiff.

Half an hour later they emerged.  
"We'll go home now, William," said Mrs. Orpet, and they made their way down the back stairs and to the jail. Orpet's few belongings which he had in his cell were already packed.

He had recovered his self possession by this time and thanked Sheriff Griffin for making his four months' stay in jail as comfortable as possible. Orpet and his party were taken home in an automobile by Leslie P. Hanna, his Waukegan attorney.

Fifteen Figures Often.  
The important events of the trial all occurred on the fifteenth. The selection of the jury began May 15; the taking of testimony was begun June 15 and acquittal July 15. Three ballots were taken by the jury. The first two stood eleven to one for acquittal. Foreman O'Shea stated that the name of the obdurate member would not be made public.

The usual Saturday night throng of farmers and their families in shop-

## Villa Aide Captured; His Forces Surrounded

(By Review Leased Wire.)

CHIHUAHUA CITY, July 15.—J. Beltran, one of Villa's chief lieutenants and a participant in the massacre of 18 Americans at Santa Ysabel, Chihuahua, last January, was killed in the engagement at Cerro Blanco July 12, reports to General Jacinto Trevino today indicated. These reports were supported by stories told upon the arrival here by Villista prisoners, who said that when the bandits reformed at Sombretillo, Beltran was missing. The prisoners said that Villa himself was not present at Cerro Blanco, the outlaw forces there being directed by Calisto Contreras. The bandit chieftain, they said, being disappointed upon the evacuation of Jimenez at his failure to capture arms and ammunition, left the command, going to Hacienda Salinas, about 50 miles southwest. The Villistas added that because of the shortage of ammunition only ten rounds were allowed each man in the Cerro Blanco engagement and that following the fight more than three hundred men deserted.

### PROHIBITIONIST WALKS AND TALKS

ST. PAUL, July 15.—Lawrence P. McGahan, 1 years old prohibition worker, arrived here tonight after a walk of 12,000 miles. Until his arrival here he did not know that he had been selected as a delegate from Illinois.  
McGahan, whose home is in Chicago, started his walk fifteen months ago at the instance of the Prohibition National Committee. He has delivered prohibition talks at many points between Chicago and the Texas border. He left Columbus, N. M., shortly after the place was raided by bandits and started north to attend the national prohibition convention.

## CIVILIAN POSSE PURSUES BAND IN MEXICO

Americans In Autos Chase  
And Capture Murderers Of  
Parker Couple, War Department Reports

(By Review Leased Wire.)

WASHINGTON, July 15.—First official information about an expedition of American civilians into Mexico by automobile in pursuit of the bandit Valenzuela, who murdered William Parker and his wife near Hachita, N. M. June 27, reached the War Department tonight in a message from General Pershing. Valenzuela had escaped to the mountains but the pursuers captured his wife and uncle and brought them back across the American border.

General Pershing did not say what disposition had been made of the prisoners. His dispatch follows:  
"Have ascertained definitely that about 30 Americans, accompanied by three Mexicans, entered Mexico in the vicinity of Hachita on the pursuit of Andres Valenzuela and wife who murdered Mr. and Mrs. Parker near Hachita about June 27. Americans traveled in automobiles reaching San Pedro ranch about 10 miles from Ogitas, July 5. Valenzuela had fled but his wife and uncle were made prisoners and taken back across to the American side of the border. No one was badly treated or molested and only the wife and uncle made prisoners. The names of the Americans not known, but have names of several men suspected."

## CHALMERS CHIEF LEAPS TEN STORIES TO DEATH

(By Review Leased Wire.)

NEW YORK, July 15.—Paul Smith, vice president and general sales manager of the Chalmers Motor Company of Detroit leaped from a window of his room on the tenth floor of the Hotel Biltmore here today and was crushed to death in the street below. His physician, wife and friends attributed his act to a complete nervous and mental collapse following the successful completion of a business deal in this city said to have involved \$50,000.

Smith was 42 years old and came to New York last Monday. He complained to friends that he was ill, asserting that he did not think he ever would recover. He sent telegram yesterday to his wife urging her to join him

General Trevino received dispatches today from General Matias Ramos, commanding the columns pursuing the bandits, in which he announced that he had the outlaws completely surrounded and expected to close in on them shortly from all sides. Contact can be expected in the vicinity of Rosario any time now, the dispatches said.

Villa, from his encampment in the bottoms of the Rio Florida, about 200 miles south of here, has renewed his efforts to convert to his cause some of his former leaders, who, having been annihilated, have been given commands in the government army. General Trevino did not make public the names of generals to whom Villa communications were sent but said that the letters had been turned over to him with the comment that "Villa was no longer a patriot but a coyote that should be destroyed as quickly as possible."

The letters also implore the aid of the former Villistas in "expelling the Gringos."

## FIRE RATES ARE MATERIALLY REDUCED

New Tariff Issued By State  
Surveyor Gives Bisbee  
Thousands Of Dollars In  
Fire Insurance

Through the painstaking and thoroughgoing effort of Barney Norton, fire chief of the city of Bisbee, the people of the community who carry fire insurance have been granted a decided reduction in their rates which may mean thousands of dollars in the aggregate during the next few years.  
For several years Norton has been very active in a campaign for the reduction of fire rates in the city of Bisbee. During that same time he has made of himself a nuisance to the council, in advising and urging better fire protection for the people. It was through his work and persistence that the branch department was constructed in Upper Tombstone Canyon and his constant vigilance is responsible, in a large measure, for the remarkably small loss rate in the city.

Last October the surveyor for the state of Arizona, located at Phoenix, made some substantial reductions in the business section of the city. These saved many hundreds of dollars to the insured. At that time the surveyor, Frank Slaker, promised a more thorough survey in the spring which might net the people of the city larger returns.

The surveyor, with an aid, spent some weeks in the city and district several months ago. They went over the entire situation and when they left inferred that some reductions could be expected. The specific rates of the Arizona Rating Office are now published and in the hands of the various fire insurance agents of the city. They are effective as of May 13.

Under the new tariffs the key for dwelling houses is the same as formerly, viz. 1.12 per hundred dollars of insurance. The key rate is that rate which would apply in case of a perfectly constructed dwelling, without any penalties or exposures.  
In Bisbee exposures contribute, more than anything else, to the high rate of insurance. A casual glance at the sides of the hills, which comprise the residence sections of the city, will show the ordinary man the great danger of fires. The proximity of the houses to each other, their construction and their inaccessibility all go to make up what in any other community would be a disaster.

## PROMOTIONS ANNOUNCED IN PHELPS DODGE CO.

Walter Douglas To New York  
As Vice President Of Par-  
ent Company. Stuart W.  
French General Manager

A. V. DYE ASSISTANT  
GENERAL MANAGER

G. H. Dowell Becomes Gen-  
eral Manager Of Copper  
Queen. Company Head-  
quarters Go To Douglas

By a change in management which affects both Phelps, Dodge & Co., and the Copper Queen Consolidated Mining company, Douglas now becomes headquarters of both these industrial organizations. Heretofore Bisbee has been the Arizona headquarters of Phelps, Dodge & Co., with Walter Douglas as general manager.

It was announced yesterday that Walter Douglas now becomes vice president of Phelps Dodge & Co., with headquarters in New York.

S. W. French, formerly general manager of the Copper Queen Consolidated Mining company, succeeds Walter Douglas as general manager of Phelps, Dodge & Co.

A. V. Dye, who has been assistant to Walter Douglas with headquarters in Bisbee, now becomes assistant general manager of Phelps, Dodge & Co., with Headquarters in this city.  
G. H. Dowell, who for several years has been assistant general manager of the Copper Queen, is now promoted to the general management of that company.

It has been known that Walter Douglas had left for New York to make that his headquarters and relieve his father, Dr. James Douglas, president of the company, of the greater part of his duties, but the other changes were not known until given out yesterday by Mr. French, though speculation has guessed that the changes would be as announced.

Mr. French, who now becomes general manager of the holding company, of all the Phelps Dodge interests, has been connected with the Copper Queen company for eighteen years, coming to Bisbee as assistant general manager of that company when Walter Douglas relieved Ben Williams in 1899. Until the smelter was completed in Douglas and the old smelter at Bisbee was abandoned Mr. French made his headquarters in Bisbee; since that time he has resided in Douglas.

Mr. Dye is the youngest member of the Phelps, Dodge & Co. organization, having resigned his position as American consul at Nogales four years ago to accept the position as assistant to Walter Douglas.

Mr. Dowell has been with the Copper Queen as ore purchaser; later he was for a time at Globe as superintendent of the Old Dominion, giving up that position to become assistant general manager of the Copper Queen some five years ago.

## MARINES AND CREW OF COLLIER SAVED

Tug And Lighthouse Tender  
Rescue 121 As Big Ship  
Breaks In Two

(By Review Leased Wire.)

CHARLESTON, July 15.—All of the 121 men who were on the big naval collier Hector wrecked last night on the South Carolina coast were brought to Charleston today by rescuing vessels.

The collier, a vessel of 11,200 tons, was bound from Charleston for Guantanamo, with a cargo of coal and supplies and had in addition to her crew sixty marines recruits for the naval expedition in Haiti and Santa Domingo. She was battered by the hurricane off the coast until her reckoning was lost when she finally went upon the beach fires were raging on board.

The work of the tug Wellington and the lighthouse tender Cypress resulted in the rescue of all of the ship's company. The Cypress took off the last 21 men early today just before the collier broke in two and began to go to pieces.

## Huerta and Calles Move to Nogales

(By Review Leased Wire.)

DOUGLAS, July 15.—Adolfo de la Huerta, governor of Sonora, and General F. Elias Calles, military commander of the state, conferred in Agua Prieta, opposite Douglas today on matters of state policy, but with what result was not announced. It is understood that de la Huerta will leave late Sunday or early Monday for his headquarters in Nogales.

General Calles is completing arrangements for the transfer of his headquarters to Nogales July 20. On his departure General Arnulfo Gomez will become commander of the troops in northwestern Sonora.

Arrivals from the south say discharged volunteer soldiers passing through there at the rate of at least one thousand daily, to take their places in working forces of various mines in that district, or return to their ranches further south. The number of Mexicans applying for admis-

sion to Arizona is increasing. Few exclusions are being made by the immigration officials. Preparations are being made by employees of the Mochizuma Copper Company to reopen the property on a large scale Monday and the American employees who have been refugees here for several weeks are expecting to return there that day, although no official announcement has been made by the management.

The fourth New Jersey infantry visited Camp Harry J. Jones east of the city today, being the guests while there of the Eighteenth infantry. The national guardsmen inspected the camp of the regulars, gathering information which will be of use to them in their own camp. The regiment hiked there and back to Camp Frederick Funston, a total of six miles.

The band of the Fourteenth infantry today, prior to the departure of the guardsmen for Naco, twenty-nine miles west, for border patrol duty.

## GERMAN "SUB" TO SAIL MONDAY

Re-Sacks Rubber Cargo For  
Shipment. Captain Re-  
ceives More Honors. Swed-  
ish Admiral a Visitor

(By Review Leased Wire.)

BALTIMORE, July 15.—The loading of the cargo for the return trip of the German submarine merchantman Deutschland, was suspended late this afternoon and although a permit was obtained for work tomorrow, it was undecided tonight whether it would be aboard or not.

A second gang of stevedores was put to work today loading the rubber that is to be carried to Germany. It originally was intended to ship this commodity in the bags in which it had been packed, but it was found this would take up too much space. The removal of the rubber from the bags consequently will cause an unexpected lengthening of the time for loading and it is considered improbable that the Deutschland could get away with a full cargo before Monday night. No nickel so far has been loaded on the submarine while apparently less than 50 tons of rubber have been put in the hold.

Captain Koenig, the submarine's commander, and Admiral Axel von Eckerman, chief engineer of construction of the Swedish navy, were guests of Mayor James H. Preston at dinner tonight.

Captain Koenig was presented with a handsome silver loving cup for himself and crew by Madame Christine Langhean a former grand opera singer.

## GIANTS ACQUIRE HERZOG FROM REDS.

(By Review Leased Wire.)

NEW YORK, July 15.—President H. N. Heupstead of the New York Nationals will go to Cincinnati tomorrow, it was learned tonight to close the deal by which the Giants will obtain Charles Herzog. Under the terms of the arrangement, Cincinnati will get the services of Christie Mathewson who is expected to manage the team's third baseman and Roush an outfielder. The Giants also are trying to get from Cincinnati a left handed pitcher in place of Kenneth Williams, upon whose services the Cincinnati club holds an option.

## BULL MOOSE WILL RALLY AND NAME NEW LEADER

(By Review Leased Wire.)

NEW ORLEANS, July 15.—A statement and call to "the patriotic men and women of America" to hold a new national convention of the Progressive party in Chicago on August 5 and 6, was learned tonight to close the deal by which the Giants will obtain Charles Herzog. Under the terms of the arrangement, Cincinnati will get the services of Christie Mathewson who is expected to manage the team's third baseman and Roush an outfielder. The Giants also are trying to get from Cincinnati a left handed pitcher in place of Kenneth Williams, upon whose services the Cincinnati club holds an option.

Mr. Parker does not mention Colonel Roosevelt or any other Progressive leaders or any candidates by name. He declares however, that the Progressives had supposed "red blooded Americans who promised with their 'life blood' to stay with the party to the finish," but that the party had been deserted by a large part of its officers who could not stand the acid test. He charges the leaders, for

## TROOPER STRICKEN WITH EPIDEMIC

LOS ANGELES, July 15.—Leonard A. Peterson, 22 years old, a private in Troop A, Utah national guard cavalry, en route to the border, was taken from a train tonight at San Bernardino, California, with both legs paralyzed and isolated at the county hospital as a possible sufferer from infantile paralysis.

## GENERAL CASTRO AGAIN BARRED FROM U. S.

Venezuelan President And  
Revolutionist Kept Aboard  
Ship, As Man Without a  
Country

(By Review Leased Wire.)

NEW YORK, July 15.—General Cipriano Castro, former president of Venezuela, who was admitted to the United States in 1912 after being detained by the immigration authorities for six weeks on Ellis island, again was denied admission to this country today when he arrived on the steamship Vauban from Port of Spain, Trinidad.

His detention was upon order received from Washington it was learned tonight. General Castro was permitted to remain aboard the Vauban to await the outcome of a hearing before a special board of inquiry tomorrow morning assistant commissioner of immigration Byron H. Uhl asserted that the charges against Castro were the same as three years ago, involving moral turpitude. Mr. Uhl explained that a special board of inquiry in 1912 had ordered General Castro excluded from the country and the Secretary of Commerce and Labor had approved this action. General Castro, however, sued out a writ of habeas corpus in a federal court and was permitted to land.

## ASSAY OFFICES ARE DESTROYED IN COLORADO

(By Review Leased Wire.)

COLORADO SPRINGS, July 15.—Fire caused by sparks from a locomotive tonight threatened the Portland Gold Refining mill and destroyed the assay office. The loss is estimated at \$10,000. Valuable chemicals in the assay rooms made up most of the loss.

## VILLA TAKES DURANGO WITH EASE

Notorious Bandit Chief Moves  
In On Towns, Taking  
Them Without Resistance  
They Report

PARRAL DEFACTO  
JOIN BANDITS

Reports Reaching Border  
Say Villistas Crying Vivas  
For Felix Diaz. Bandit  
Wins Everywhere

(By Review Leased Wire.)  
EAGLE PASS, July 15.—Francisco Villa was seen in Mapimi, state of Durango, Mexico, on June 26, according to advices reaching here today. Mapimi was occupied by the Villa forces without resistance, the information stated as well as the town of Mermelillo. The same source of information told of an engagement between Villa followers and de facto troops at Parral saying the Villistas entered the town with cries of "Viva Felix Diaz."

On July 10 the report continued, the Villistas forces attacked the city of Durango. This report stated that General Canuto Reyes, a former bandit who was sent to Parral on July 7, had defected to Villa.

Famine conditions around Torreon were reported as never so bad. The people are subsisting, according to this information, on mesquite beans and prickly pear.

## RACER KILLED IN OMAHA CLASSIC

Mechanic Dan Punch In  
Last Race. Resta Wins  
At 98.35 Clip

(By Review Leased Wire.)  
OMAHA, July 15.—Dario Resta, driving at the rate of 98.35 miles an hour today won the 150-mile automobile race on the local speedway. His time was 1 hour 31 minutes 29.91 seconds. Tom Milton was second and Ralph Mulford third.  
In the 50-mile free for all race, Ralph de Palma won badly leading the field from the start. His time was 30 minutes 21.21 seconds.  
Eddie Rickenbacker finished second and Pete Henderson third. De Palma made the first 30 miles of this race in 17 minutes 22.91 seconds, said to be the fastest time ever made on any track.

A fatal accident marred the event. In the sixth lap of the big race Alvo Franch's car jumped from the raised track at a danger curve, turned over in the air and struck the ground 15 feet below. Franch was not hurt but Dan Punch his mechanic sustained a burned hip and other injuries from which he died a few hours later.  
In the seventh lap Jack Gable's car blew a tire and turned over but its occupants were uninjured.  
L. R. Hines, mechanic of one of the cars was overcome by heat during the main race and taken to a hospital but his condition is not thought serious.

## LOGAN WINS AT GOLF.

(By Review Leased Wire.)  
GARDEN CITY, July 15.—Walter Lagen of Rochester, the home bred golf professional who held the national open title in 1914, won the three day, 72 hole, fourth Metropolitan open championship on the Garden City links this morning. His score for the 18 holes of medal play was 39-35-74. James M. Barnes of Philadelphia made the round in 37-38-75, and Chas. H. Biffner also of Philadelphia was third with 39-38-77.

## YAGUIS CAPTURED ENTERING DOUGLAS.

(By Review Leased Wire.)  
DOUGLAS, July 15.—One Mexican and four Yaqui Indians were captured by an outpost of the Second Montana Infantry as they attempted to cross the border in a heavy rainstorm. The five, who are being held for examination, said that they formerly had been employed in a local smelter and recently having been refused re-admission to the United States by customs officials, they attempted a secret crossing.
